

# FROM BOYS2 MEN SC & NC FROM GIRLS2 WOMEN SC & NC

From The Courtroom To The Boardroom

Real People. Real Skills. Real Opportunities.

## OUR MISSION

To empower at-risk youth and young adults, including those with juvenile records and past involvement in the justice system, by providing mentorship, education, life skills, and business opportunities. We help them transition from boys and girls to responsible men and women through training, resources, and support to become successful, productive members of their communities.

## OUR VISION

To reduce recidivism, build stronger families, create a generation of leaders, business owners, and community changers — one young man and one young woman at a time.

*You Can't Change Your Past,  
But You Can Build A Greater Future.*
